

IELMON ENGINEERING & LOGISTICS SERVICES LTD

*A service company with a positive attitude,
zero room for failure and excuses.*

COMPANY PROFILE

Port Harcourt, Rivers State, Nigeria

About IELMON Engineering

IELMON Engineering Limited is a Nigerian-owned oilfield support service company, founded in July 2018. We are committed to delivering outstanding solutions in the oil and gas sector, with a focus on Slickline services and well intervention operations. Based in Port Harcourt, we serve clients across the Niger Delta and Nigeria at large.

OUR VISION

To be the most reliable and results-driven engineering service provider in Nigeria, respected for our performance, innovation, and zero-failure mindset.

OUR MISSION

To provide high-quality engineering solutions with professionalism, integrity, and a deep commitment to safety and operational excellence.

Message from the CEO

At IELMON Engineering Limited, we don't just provide services — we deliver confidence. Founded on the principles of integrity, innovation, and relentless execution, our goal is to exceed expectations and contribute meaningfully to the Nigerian energy sector. We are proud of our roots in the Niger Delta and even prouder of the trust our clients place in us. With a passionate team, a zero-failure mindset, and a culture built around results, IELMON continues to set new standards in slickline and well intervention services. Thank you for choosing us. We remain committed to excellence without excuses.

Why Choose IELMON?

- Commitment to excellence
- Skilled, experienced personnel
- Safety-first operations
- Strong client relationships
- Prompt and precise service delivery
